Hi Jim.

According to the Removal Schedule in CERCLIS there are 3 completed Fund lead Removals and 4 Responsible Party PRP Removals for this site (2 completed and 2 ongoing). See below for details.

If you have any questions, let me know. However, since I only recorded the CERCLIS info since late 2006 I may not have any great answers for you. ; )

Subject: Cornell-Dubilier

Good morning. I am in the process of drafting up an action memo for Cornell-Dubilier for additional investigation of the stream and armoring of the banks. There were 4 actions mehos on file but I think this new action memo would only be the second Removal Action. Can you please confirm that this would be the second Removal Action, thanks Beckett.
